VOLUME XXXV. UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, OCTOBER 7, 1904. NUMBER 17

THEO. A. BELL IN UKIAH

Congressman Makes a Great Speech and Gets Ovation

Nails Silly Lies of Editor of Ukiah Times

Hon. Theodore A. Bell, Congressman for this district and candidate for reelection, spoke at Marks' opera house in this city last Wednesday night. The attendance was large, many Republicans being present, and the meeting was enthusiastic thruout. Mr. Bell's speech was an able and eloquent presentation of matters in which the Second District is vitally concerned and a modest outline of the work he had already done in Congress, and what he hopes to accomplish for the people in the future.

After music by the Fifth Regiment K. P. Band, W. G. Poage, Chairman of the Democratic County Central Committee opened the meeting by announcing Hon. J. B. Sanford as president and the following list of vice-presidents who were invited to take seats on the platform: Hon. J. Q. White, J. E. Pemberton, O. R. Myers, T. E. Armstrong, John C. Lane, Thos. Parsons, Zach Bartlett, M. L. Gibson, W. W. Cunningham, J. C. Ruddock, T. J. Weldon, J. W. Preston, C. E. Leek, Eugene Parr and N. B. Kirtley.

Senator Sanford was then introduced and made a rattling opening speech, commenting briefly on the main issues of the campaign and predicting a great victory for the Democracy in November. He then introduced Congressman Bell, who was greeted with the greatest enthusiasm.

Mr. Bell began by saying that the only sin with which he is being charged in this campaign, is that he is a Democrat. He believed in according to every man the right to choose his own politics and religion. He proved the charge that he could accomplish nothing in Congress because he was a minority member, to be utterly unfounded, citing instances of magnificent work done by minority members in the last Congress; notably the passage of the Newlands irrigation law, which is destined to open up the arid regions of the great west to settlement and make prosperous homes for many thousands of happy families. He named Senator Geo. C. Perkins as authority for the statement that in Congress there is no partisanship, except occasionally upon administration measures. The statements being made by his opponent along this line are not warranted by the facts, as he had had frequent reason to know, in his own experience, that grand old Joe Cannon, the Republican speaker of the House, would recognize a Democrat as readily as a Republican, on a meritorious measure.

The speaker took up Duncan McKinlay's statement at Sausalito, that he (Bell) had nothing to do with the law providing for the construction of a naval vessel at the Mare Island Navy Yard, and proved conclusively from the Congressional Record, that he (Bell) was the sole author of that amendment to the appropriation bill.

He next explained his bill abolishing the canteen at the Yountville Soldiers' Home and convincingly told what a blessing it is proving to the hundreds of old soldiers in that institution, and how they had thanked him for passing the law.

Mr. Bell then turned his attention to his Round Valley Land Bill, which will become a law in December. He said that this bill originally introduced [illegible] consideration [illegible] taking up the relinquished reservation lands by actual settlers, only as homesteads, and under the homestead laws. The bill was referred to the Committee on Public Lands, and by that Committee was referred to the Department of the Interior and and the Commissioner of Indian Affairs. The Commissioner refused to approve the bill, unless the Indians were paid something for their alleged interest in the land. The bill was amended to meet the views of the Commissioner and of the Interior Department, and was then favorably reported by the Public Lands Committee. As it now stands, the land can only be acquired under the homestead laws after appraisement at its actual value by a commissioner, or by an agent to be appointed by the President, without the improvements placed thereon by settlers. And settlers can pay the appraised value in five annual installments.

Then Mr. Bell paid his respects to Editor Rhodes of the Ukiah Times. He read extracts from Rhodes' editorial of this week on the Round Valley Bill, and showed conclusively that Rhodes had either never read the bill or had deliberately lied and misrepresented. He had sent Mr. Rhodes, by registered letter, a special invitation to be present at this meeting. Mr. Rhodes had stated in print that a great land grabbers' attorney stood behind this bill and had assisted in its passage. If Mr. Rhodes was present, he (Bell) demanded that he now stand up and proclaim the name of that attorney. The speaker paused for a reply, but none came. There was a silence which "could be felt" for the space of a minute. "Hearing no response," continued Mr. Bell, "I NOW CHARGE THAT MR. RHODES HAS DELIBERATELY LIED, AND I NAIL THAT LIE RIGHT NOW AND HERE."

Mr. Bell then continued, "I received information by telephone, that the great land lawyer, so infamously libeled by Mr. Rhodes, and who is going to gobble up 63,000 acres of land, is none other than our good friend, little Con Goldberg, of Covelo, the friend and champion of the settlers."

That settled Mr. Rhodes. If ever a man received a red-hot and richly deserved public excoriation, George Rhodes got it Wednesday night at the hands of the righteously indignant Congressman Bell. His caustic application of the lash was applauded to the echo, by ladies and gentlemen, Republicans and Democrats.

Mr. Bell, in closing, discussed the tariff question briefly. He said: "A tariff is a tax; a tax is a burden; therefore let us distribute the burden as equally as possible. The present tariff does not do this. It enriches the trusts and manufacturing monopolists, but is a heavy burden on the farmers and the common people. We must have revenue. Let us then revise the tariff schedules so as to give to all, as nearly as possible, an equal measure of protection."

The meeting was in every way a great success and Mr. Bell made a splendid impression, as will be clearly shown at the polls in November.

Leslie Reed in Car Accident

There was a street car accident in San Francisco Sunday in which three passengers were killed and thirteen were injured. The motorman, Leslie G. Reed, is a son of J. C. Reed of Ukiah Valley and is well known here. The car was greatly overloaded and going down a very steep grade, the brakes refused to hold the enormous weight. The city papers say that motorman Reed did all he could to check the car and is in no sense to blame. Leslie was arrested, however, on a chargt of manslaughter, and on Monday was arraigned before Police Judge Cabaniss. The hearing was postponed for one week to give the Coroner time to investigate.

Elmer Toney, while taking arsenic for his health, will assist Ord & Weldon in their store.

L. B. COOK MUST HANG

The Most Remarkable Murder Trial on Record

Slayer of Max Kreiger Will Get Extreme Penalty of Law

We venture to say that there is no exact parallel to the Cook murder case, tried in Ukiah last week, in the criminal annals of the United States. A few cases along somewhat similar lines have gone thru the Courts, but none having all the elements of this one. The testimony was at times most revolting, but its introduction was necessary to enable the jury to fully grasp the whole matter. As briefly as possible the case is as follows:

In July last Max Kreiger, a German, was working at a tan bark camp near "The Outlet," a few miles above Willits. Near the "outlet" lived L. B. Cook and his 16 year old daughter Ida Cook, in a shake cabin owned by Geo. Rafaello, who also resided therein. Kreiger had been paying some attention to Ida Cook, and had been ordered by Cook to keep away from her. On July 15th before noon, while Cook was in the woods at work, Kreiger called at the cabin and talked for a few minutes with Ida. A man named Sowers was present at this time. Kreiger was somewhat intoxicated. He had a 22 rifle and Sowers had a shot gun. After remaining at the cabin a short time Kreiger and Sowers started off together to go hunting, but Sowers soon returned, having concluded that Kreiger was too drunk to be a safe companion in hunting. Sometime after noon Kreiger returned to the Cook cabin and imbibed more wine which Rafaello kept in the house. At this time a neighbor woman, Mrs. Frank Pomalek, was present, and two or three men were sitting around. Kreiger and the girl Ida went into the kitchen and had some conversation, in which Ida claims that Kreiger made improper proposals to her and acted in a rude manner. Soon afterward Mrs. Pomalek went home, taking Ida with her. Later on Kreiger went to Mrs. Pomalek's home and asked to see Ida, but Mrs. Pomalek hid the girl and told Kreiger she was not there. Kreiger returned to the Cook cabin where he met Sowers and one Dan Whitcomb and they had some more wine. Between 5 and 6 o'clock p. m. these three started down the road toward the bark camp and on the way they met Cook and his daughter. As the two parties passed each other Sowers noticed that Cook had his right hand behind him grasping a revolver. Just after passing, Cook turned, and addressing Kreiger, demanded to know why he had been abusing his daughter. Kreiger replied that he had not abused the girl. Sowers, fearing trouble, took Kreiger's rifle away from him, leaving him unarmed. After a short altercation, Cook shot Kreiger, the ball from a 38 pistol entering just above the navel. Cook afterward told a witness that he didn't shoot as high as he intended. Kreiger was brot to the county hospital, where he died July 17th.

At the trial, which began last Thursday, the defendant's plea was self-defense and the jury would have found him guilty of no greater crime than manslaughter had not District Attorney Duncan found and presented a motive which convinced the jury that the killing was done with premeditation and malice. A[illegible] [illegible] to prove that Cook and his daughter Ida had for a long time sustained meretricious sexual relations toward each other and that Cook was jealous because Kreiger tried to pay attention to his daughter. There was convincing evidence to prove that Cook and his daughter had been living together as man and wife and that as a result, the girl is in a delicate condition. The girl herself had told this to several persons, including the District Attorney, as she frankly admitted on the stand, and as clearly proved by letters written by the father to the daughter since he has been in jail, which letters were intercepted and admitted as evidence. Ida Cook, when on the stand, declared that she had lied when she told the District Attorney and others about her relations with her father, but Cook's letters to her, and corroborating oral testimony was too strong to be overcome by a bare denial. The defendant did not testify. The testimony of Dan Whitcomb, who claimed to have witnessed the shooting, was favorable to the defendant as to the facts immediately attending the shooting, but he was contradicted by Sowers, who testified that Whitcomb had gone on ahead and did not see the shooting.

Attorneys Preston and Craig handled the defense in an able manner and their arguments to the jury were as strong as could have been made, but Mr. Duncan had presented such a strong array of testimony as to the motive which actuated Cook, that it could not be overcome, and at 6 o'clock Sunday morning the jury brot in the following verdict: "We the Jury find the defendant Guilty of Murder in the First Degree."

This leaves Judge White with no alternative but to sentence Cook to death by hanging, and the date for pronouncing sentence was fixed for next Monday.

The jurymen were E. V. Jones, J. R. Banks, F. H. Waugh, John Sack, Silas Blake, T. W. Cox, M. W. Caldwell, David Burkhart, O. H. Robinson, C. H. Clow, W. B. Ontis and Thos. Farrance.

Dixon Sentenced

Wednesday of this week was the time set for sentencing Charles Dixon, who was convicted of the crime of rape in the Superior Court last week. Court opened at 10 o'clock a. m. and defendant's attorney immediately made a motion for a new trial on the ground that the Court erred in excluding certain testimony offered at the trial. The motion was argued at length by Mr. Bledsoe and denied by the Court. Judge White then pronounced judgment of imprisonment in the State Prison at Folsom for the term of eleven years. Mr. Bledsoe gave notice of appeal and asked that the testimony be transcribed for that purpose at the public charge, the defendant being without means.

PRESIDENTIAL ELECTION WILL MAKE NO CHANGE

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Sold by E. B. Gibson.

A PROMINENT TRAINMAN

The many friends of G. H. Hausan, Engineer L. E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially to trainmen, who are usually similarly afflicted." Sold by E. B. Gibson.

M. Maze of Potter was in town Monday.

CHAMBERLAIN'S COUGH REMEDY

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by J. R. Mathews' Pharmacy.

CAUSE OF LOCKJAW

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street air. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by the Mathews' Pharmacy.

Wm. Wallach was over from Boonville the first of the week.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subscribed for separately is $3.50.

NORTH COAST NEWSY NOTES

Bob Killtime Tells Our Readers What is Happening in the Fog Belt.

FORT BRAGG, Oct. 4.—It has been rather quiet here this week after the races, and we hardly know what to do with ourselves

Sanford and Bell are billed to speak in town next Saturday evening. Both have many friends on the coast and a large crowd will doubtless turn out to hear them. From now on the political pot ought to boil.

Our population is gradually increasing. Wm. Cox, of Inglenook, and W. C. Canda and H. W. Johnson of this city, have a new daughter each.

The race meet here was quite successful, the attendance being very good the last two days. There were nine horses at the track and everybody enjoyed the racing. The horses that won laurels were Raymond Hill's Lady Roosevelt, Brooks' Romeo B, Darr's Balk Hill Queen, Gregory's Caribee and Foushee's Daisy Green. A number of our sports will take in the races at Ukiah.

W. W. Ware has sold his interest in the White House to his partner, Joe Kuyck. Mr. Ware expects to remain in Fort Bragg.

The new building for the Bank of Fort Bragg is about completed. The granite steps, cement sidewalk and redwood ceiling add very much to the appearance. We are glad to note such enterprise in our city.

A magazine club has been organized here, the object being to read and discuss the subjects treated in the principal magazin s published.

Dave Coon, a brakeman on the Glen Blair road, received a painful injury while making a coupling. His thumb was caught and mashed so severely that it will have to be amputated.

The Noyo shingle mill is running light. Its capacity is 72,000 per day but it is only cutting half that number on account of low prices and scarcity of logs.

The Fort Bragg railroad will soon have a nice waiting room and baggage room for the accommodation of passengers to and from Alpine. They are now under construction.

In the big fight between Evarts and Lampeer, Evarts won in the third round. It was a good fight and the sports got their money's worth.

The principal topic of conversation seems to be the mix-up in the board of trustees between Len Barnard, the President, and the other members, Messrs. Mulson, Wright, Holt and Taylor. It was all over the Kemppe-Mann case that I wrote about two weeks ago, and the end of the affair is not yet. The four members claim that Barnard played both sides against the middle in an effort to aid his candidacy for Supervisor. At the last meeting they requested Barnard to resign as president of the board, which he did. Geo. Holt was elected to the presidency, and sensational developments are expected soon.

I am not much of a politician but I fail to see how Mr. Barnard has aided his Supervisorial aspirations any. To a man up a tree it looks as tho he will be butchered by both sides now. Ever since he has been in office he has been hand and glove with Jack Weller and the Union Lumber Co., executing their orders by running the laboring men off of his roads and bridges. This last play is too much for my cranium to fathom, if it is a political play. I voted for Len before, but Flanagan looks good to me now. Under his administration my taxes were about $10, and I have been paying about $12.20 ever since. John never carries water on both shoulders and will treat everybody right. He never pretends one thing and then does another. He is sturdy, honest and reliable and will not stir up class hatred or strife, and as I am tired of this confounded nonsense, I am going to quietly attend to my business and vote for Flanagan. BOB KILLTIME.

MENDOCINO HAPPENINGS

Brief Notes From the Central Coast Gathered for the Dispatch Readers.

MENDOCINO, Oct. 1st, 1904.—News comes in from Gracy that a cabin occupied by the Cooks at Camp 4 was burned last Sunday and the occupants lost everything they had.

Mr. Fanier, better known as Portuguese Frank, who lives out near the home of Louie Gonsalves, and who is 105 years old, is nearing his end.

W. B. Coombs of Littleriver has recovered from his recent illness and he and Mrs. Coombs returned from San Francisco last Sunday.

Born—At Mendocino Wednesday, Sept. 28, to Mr. and Mrs. Blank, a son.

J. W. Heap made a trip to Ukiah last week to meet his wife, who returned from San Francisco.

Thos. Megaw, bridge constructor on the Big River railroad, was badly injured last Wednesday. A heavy timber crushed one of his ankles.

We hear that the new steamer Helen P. Drew recently built for the L. E. White Lumber Co., has been towed to San Francisco to have her engines put in.

It is reported here that L. S. Clough, who has been here examining the mill company's property, has purchased the interest of President Williams and is negotiating for that of Mr. Simpson. The report is not yet thoroly authenticated. It seems to be understood that great improvements will be made if Mr. Clough comes into the management.

We learn with regret that Mrs. James Kenny of Cuffey's Cove died Sept. 30th aged 70 years. She was the mother of Mrs. Kate Gorman of this city.

CONSUMPTIVES MADE COMFORTABLE

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages, but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." Sold by E. B. Gibson.

Laytonville Politics

LAYTONVILLE, Oct. 1.—I write you in regard to the Supervisor fight. Rowe, the Democratic candidate, can win if he will get out and hustle. The taxpayers have confidence in him, however, and know that he will reduce taxes. Please stir him up, Mr. Editor, and get him out among the taxpayers. We want to see him. He can do as much for the district as Mr. Fairbanks, who remained idle until just before the election. He owes his appointment to the Railroad and outside influences, and will drop the taxpayers like a hot potato after the election is over.

Reports from Round Valley are to the effect that Fairbanks has made a trade with the Redwines, agreeing to give one of them the Fish and Game Wardenship for 29 votes. Everyone knows that they cannot deliver the goods, but it is well enough that the Democrats should know of the situation. There are enough honest Republican taxpayers here and in Round Valley to offset this defection, and Mr. Rowe's friends need not feel discouraged. The Redwines have turned down some Democrat at every election, and they might as well be brot out into the open. Two years ago Constable Redwine withdrew from the Constable's fight a day before the election and made a fight for Judge Mannon. The people got onto it, however, and Judge White was elected. This will be a similar case and Rowe will be elected. DISGUSTED TAXPAYER.

Yorkville Briefs

YORKVILLE, Oct. 1.—We are having splendid weather after the nice rain.

The wool men are hauling their fall clips southward to market. Hardly think they will sell before sale day this fall.

Several of our citizens are in Ukiah this week doing jury duty.

The county's big road machine that has stood out in the hot sun all summer long, has been sent to the shop for repairs. It surely needed repairs after such treatment. It took two men and four horses two days to move it 12 miles.

Political road work has begun down the Boonville way. Four years and nothing done until just before the election! The people here will remember 3½ years back when they go to vote. Rawles carried this precinct four years ago by 12 votes. Lawson will carry it this time by about 3 times 12.

The Supervisor comes down to see the people quite frequently. But the people are getting tired of his self praise. He thinks that he is the only honest man on the board, and by inference leads one to believe that all the others are a set of thieves. The rest of the board deserve more respect than Rawles. They voted for high taxes and honestly admitted it, but Rawles voted for high taxes and then tried to sneak out of it.

The people of this precinct will retire to private life anyone who promises to reduce taxes and then steadily raises them for four years.

HIGH TAX PAYER.

"Get the Cash Habit"

In buying for cash direct from the eastern mills and factories, we certainly can purchase to better advantage than merchants who buy from San Francisco jobbers on credit and have their money tied up in book accounts.

In selling for cash we can afford to sell goods at a lower margin of profit or a better value for any stated price. In buying at a credit store, even though you pay cash you pay the same price as a credit customer who pays in a year or perhaps never.

A credit store must consider the increased expense (caused by a credit business) for bookkeepers, collectors, collecting agencies and sundry supplies, and must therefore secure extra profits to cover extra expenses.

A cash store has no bad accounts, etc., and therefore can serve the masses and all classes on an equal footing; thus a laboring man's dollar will purchase as much as the millionaire's dollar.

We note with satisfaction that many credit customers of other stores are cash customers at this store. Why should credit customers patronize us when they could have a year's credit, unless they can buy cheaper. There must be a good reason; the reason is plain to us. It is because they can save money by paying cash and buying of us.

Are you a patron of this store? If not, try the cash plan and compare results with other stores.

We guarantee to save you 10 to 25 per cent on your purchases, except in a few cases where certain goods are sold without profit or at contract prices.

BRIEFLETS EPITOMIZED

There is talk of bonding the Fort Bragg Union High School District to build a new High school house.

During the month of September, Mendocino county shipped to the city market 9,880,000 feet of lumber and 62,055 railroad ties.

The ladies of the W. C. T. U. will meet at St. John's M. E. Church this afternoon, Oct. 8th, at 2:30 o'clock. All members are urged to attend.

M. A. Thomas, County Assessor, leaves this week for a visit to his old home in Atlanta, Ga. He will also take in the big fair upon his return.

Dr. Dickinson has recently been attending upon five or 6 cases of typhoid in the Morse, McFarlane and Harris families. All are now convalescent.

John Murray, the Big River Justice, was in town last Saturday on legal business. The case was compromised, however, and he returned home in the afternoon.

Dr. R. A. Cushman, late of Santa Ana, is now one of the physicians at the Mendocino State Hospital, he having been appointed in place of Dr. Crowley, who resigned some time ago.

R. J. Henry, of Sacramento, is in town this week attending the races. It seems like old times to see Bob around talking politics. He says Bell will carry Sacramento by a big vote.

The game of baseball Sunday between Ukiah and Willits was a ragged affair. Ukiah won by the score of 18 to 13. A feature of the game was the batting and fielding of Briggs.

H. J. Randall, of Gualala, our popular County Surveyor, has been in town all week. He anticipates moving his family here in the near future. Ukiah will be glad to wel come him.

John Prince, a respected citizen of Little Lake Valley, died September 29th. His death was due to apoplexy and was sudden. He leaves a wife and three children. The funeral took place Saturday.

William Longmore, who is ill at Santa Rosa, as stated in these columns heretofore, is in a precarious condition. On Sunday morning he was moved to the sanitarium on Humboldt street where he can be given skillful nursing and care.

The Little Lake Herald says: "Engineer Eads and party have completed the locating of the railway from Pepperwood to within 10 miles of this city. The tunnel at Pepperwood has been finished. The Southern Pacific will not commence construction work until next spring.

John J. Duncan has resigned his position as Secretary to the Medical Superintendent at the local State Hospital to accept an agency for an insurance company. Chas. Wilson is temporarily filling the position and Louis McLeod is acting Supervisor in Wilson's place. It is hoped that the boys may be able to hold the positions permanently.

District Attorney Duncan, Reporter Tucker and Attorney Pemberton were in Willits Monday for the purpose of taking part in the preliminary examination of two boys who were accused of placing railroad ties and other obstructions on the railroad track to wreck a train. One of the boys had previously confessed the crime, but on Monday he "went back on" his confession, and denied the charge. There being no direct evidence the case was dismissed.

Mr. and Mrs. F. M. Wilson of this city celebrated their tin wedding last Friday. Friends called and a very pleasant evening was had. Henry Meyer and wife celebrated their tenth wedding anniversary on Monday evening by entertaining their friends.

J. A. Jernigan and family will go to Los Angeles next week to reside. The family regret to leave Ukiah, but feel compelled to on account of Mrs. Jernigan's health. Comptche, Mendocino county, is the center of the shake district. Homer Osborne owns a mill that cuts from 14,000 to 18,000 shakes per day. Dahlen Brothers' mill cuts from 10,000 to 12,000, G. H. Ferguson's mill saws from 5000 to 7000 and the pioneer mill of C. J. Chandon cuts from 4000 to 6000. These mills use much timber that otherwise would be wasted, especially such as has been logged or used for tie making.—Wood and Iron.

Gorton's Minstrels

The management of Gorton's Minstrels conceived a happy idea in the stage arrangement of their new "First Part" setting this season, which produces the effect of a company of minstrels performing on the flower-decked lawn of a southern winter resort, and it has been so elaborately done as to challenge artistic commendation.

The company is the strongest in the long history of this organization, and the costuming is worthy of special mention. The vocalists are attired in the romantic costumes of Louis XIV. pearl gray satin coats, knee pants and pink satin oxfords. The end-men wear evening dress suits of cerise satin, the orchestra suits of steel gray satin and the interlocutor a costume of white satin. In the distance rises the splendid hotel "Ponce De Leon" Florida's famous winter resort. Glittering fountains, amid a profusion of gorgeous tropical flowers form a stage picture that is incomparable. The company will be seen at Marks' Opera House Friday, October 14.

Real Estate Moving

The enterprising real estate firm of Poage & Woodward report the real estate market active during this week and have closed up a number of sales. Among others they report the sale of the Poage place north of town to J. A. Hanson of Wisconsin; the Marder's hotel property in Potter Valley, consisting of some 32 acres of land, hotel and livery barn, to J. H. Hill, who was for some years manager of the Crocker estate at Cloverdale and a Deputy Sheriff of Sonoma county. Mr. Hill expects to renovate the hotel and run it as a first-class house. They also have sold the house and lot of Julius Roller on Oak street to F. M. Seward of Calpella, who will make it his home soon. They also report the sale of the two-story house of Mrs. Sarah Lee, near the High school, to J. W. Preston of this city. It is understood that Mr. Preston has already rented this place to H. J. Randall, the County Surveyor, who will soon make his home in Ukiah.

Order to Show Cause Why Order of Sale of Real Estate Should Not be Made

In the matter of the estate of George W. Drew, deceased.

John Taylor, the administrator of the estate of George W. Drew, deceased, has filed in this Court a petition duly verified, praying for an order of sale of all the real estate of the said decedent, which property is situate in Mendocino County, California, and particularly set out in said petition to which reference is hereby made, and it appears therefrom that it is necessary that said property be sold in order to pay the debts of the decedent and the expenses of administration, and for the purposes set out in said petition and that it may be made at private sale.

It is therefore ordered by the said Superior Court, that all persons interested in the estate of said George W. Drew, deceased, appear before said Superior Court on

Monday, the 24th day of October, A. D. 1904,

at 10 o'clock A. M. of said day, at the Court Room of said Superior Court, at the Court House of said County of Mendocino, State of California, when and where any person interested may appear and show cause why said petition should not be granted.

Hopland News

HOPLAND, October 6, 1904.—The citizens of Hopland and vicinity are enjoying the beautiful weather we are having now. The grass is growing very fast and in a couple of weeks there will be fine feed in the mountains. The farmers are plowing and preparing the soil for the next year's crop. The Hopland farmers are all right. They strike when the iron is hot.

Twenty students from the State University at Berkeley came up last Saturday and spent a few hours in Hopland, the guests of Mr. A. W. Foster. Teams were procured and the young people were driven around the valley viewing the magnificent scenery. Each and everyone of the young folks seemed to enjoy the outing very much.

The Farmer's Institute was held here on the 29th and 30th of September, but was not very largely attended, as the farmers were all busy preparing for winter. Each and every farmer should attend these meetings and take an interest in them as everything pertaining to farming and fruit raising is thoroly explained to all that will come and attend these meetings.

A. W. Foster sold 100 tons of Bartlett pears off of ten acres of young orchard. The price paid was $25 per ton. P. R. Myers sold 65 tons of pears off of five acres at the same figure.

Eugene Parr has sold his place below town to Carson Bledsoe of Healdsburg for $2500. Mr. Bledsoe intends to plant the place in hops in the spring.

C. A. Myers came up from San Rafael last Thursday for a few days to look after his interests here. Charley is game warden for the Lucas Valley Sporting Club. If you kill a deer out of season Charley will catch you sure.

The bride and groom departed on the afternoon train for San Francisco on their honeymoon. The young couple are well liked and their many friends wish them success and happiness on their journey thru life.

A nice young man was a passenger on the early train last Sunday morning bound for Geyserville but was seen to return on the next train looking somewhat forlorn. It appears that there is rivalry and the young gentleman concluded not to be tantalized and tormented the same as Leander and just called the whole thing off.

District Attorney Robert Duncan visited in Hopland last Sunday evening.

John Ledford of Yorkville spent one day in Hopland last week.

The Hopland Fruit Company has a force employed dipping prunes They have a fine lot of Bartlett pears dried and ready for market.

Feliz Duarte made a flying trip to Santa Rosa last Sunday. There will be a demand for another new cottage before long.

James Clendenen has been laid up for a couple of weeks but we hope to see Jim around soon again.

Quite a number of Hopland people went to Ukiah Wednesday to hear Congressman Bell speak.

Sheep shearing is over now in this section of the county. The wool growers had a very fair crop and expect a good price.

Harry Sierck has a dog that he would like to get rid of. Anyone wishing a good dog this is your chance. He has black curly hair and a short tail. Will bite strangers and acts.

Lawson is in the lead on this side of the mountains and still coming.

$3,000 Forfeit

Will be cheerfully paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original testimonials and signatures of the individuals volunteering those published below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

HON. LEE COHN

I take pleasure in expressing my satisfaction with Dr. Pierce's Golden Medical Discovery, as a reliable medicine, well worthy of the confidence of those seeking relief. It is certainly a most efficient specific for afflictions of the digestive organs, headache, heartburn, and kindred troubles caused by a disordered stomach.

Many busy men suffer from dyspepsia caused by careless habits, too rapid eating and irregular meals. Little attention is paid to this until it is too late, and then you naturally ask yourself, "What shall I do to get well." I have found your "Discovery" by far the most efficacious of any medicine I have known. A few doses gives relief. Being an honest medicine and well worthy of praise, it has my hearty endorsement.

Yours respectfully,
Hon. LEE COHN,
(*Councilman 9th Ward.*) Louisville, Ky.

"I have been greatly benefited through the use of Dr. Pierce's Golden Medical Discovery," writes G. T. Rose, Esq., of 125 W. Short Street, Lexington, Ky. (Constable, Fayette Co.) "I suffered for years with biliousness and torpid liver, which affected the digestive organs and clogged up the entire system. Had used different medicines but found they did not help me any; in fact, nothing that I took was of any special benefit until I tried your 'Golden Medical Discovery.' I soon found that this medicine wrought a wonderful change in my entire body; cleared up the sluggish channels of digestive organs. This activity restored the flagging strength, increased appetite and vitalized the forces until work seemed but play, my sleep was restful and sound, brain active, and I felt like a new man. Four bottles of your 'Golden Medical Discovery' caused this wonderful change, and I have certainly every reason in the world to feel gratified and to fully endorse your great remedy. For the past two years I have enjoyed perfect health."

"How would we be able to pay Theodore A. Bell's salary if we put the money we pay the Bell family back into the treasury instead of the Bell family?"

"How would we give our veterans more pension if we put the money we pay the Bell family back into the treasury instead of the Bell family?"

"How would we pay our wage earners more if we put the money we pay the Bell family back into the treasury instead of the Bell family?"

"How would we protect our wage earners against the pauper-paid labor of Europe and Asia without the protective power of the Dingley protective tariff?"

Our wage earners are not protected against the pauper-paid labor of Europe and Asia, because such labor is allowed to come to our shores in unlimited thousands and compete direct with our own American citizens in the labor market. The Dingley tariff law was made at the dictation and for the enrichment of employers and trusts.

"How can you vote against Congressman when he declares 'I am in favor of tariff reform'?"

The Republican national platform declares in favor of tariff reform, but wants the Republican party to do the reforming. Mr. Bell thinks the Democrats can do the job, and if permitted will do it in the interest of the great common people, at the same time giving to the trusts all they are rightfully entitled to. Mr. Bell recognizes that the government must have revenue, but would so distribute the burdens of local taxation as to make them least burdensome to all the people.

Tells Why it Supports Bell

The Sacramento Bee, a strong Republican paper, tells why it is supporting Theo. A. Bell in the following terse manner:

The Bee supports Theodore A. Bell for Congressman from this district because he has been tried and has proved true; because it is the duty of the party to reward a loyal servant; because he has done yeoman's work for the district; because he has been faithful in every way; because he is clean, honorable, and honest; not only because he has done so much for this district, but because he has made himself so popular and well-liked at Washington with the men of all parties that he is in a position to do far more work in the future than could be accomplished were his opponent to be elected.
